- **Always start CPR immediately - then use the defibrillator**
- **If a trained first aider is not available, please follow the voice commands given when you open the defibrillator lid (paediatric pads may be needed)**
- **Can be used on any adult and on children aged one and over**
- **A defibrillator is safe. It will not allow a shock to be given unless the heart rhythm requires it**
- **We recommend first aiders take our 3-hour defibrillator training to build skills and familiarity. Visit sja.org.uk/aed for more information.**
